

## Oh the Places You'll Go Graduation Gift Letter to Teachers

Dear (teacher) \_\_\_\_\_,

Very thankful to you I would be,  
If you would please, please do this small favor for me.  
I am starting this tradition while (child's name) is small,  
And plan to complete it by the time (he/she) is tall.  
For each teacher who has helped him along the way,  
I hope will autograph-that is to say-  
Please add a note, a quote, song,  
Or a special memory can never be wrong.  
You have been influential in making him the person he is  
And can take full credit when they call him a whiz!  
I will present this book to (him/her) on commencement day  
In honor of you who are so special today.  
I don't know which direction (he'll, she'll) take- North, South, East or west,  
But I do know he thinks his teachers are the best!
